Experience and innovative android app development with 2 years of learning experience restructuring and architect application for android. Specialization is implementing different tools and methodology to efficiently manage the full development lifecycle concept through delivery. Accomplished entrepreneur with a capacity to scale and effectively manage products, teams and processes. With a solid grasp of Data Structures and Algorithms, I enjoy unravelling complex problems and coming up with innovative solutions. My proficiency in DSA enables me to tackle coding challenges efficiently. As the tech industry evolves, I am committed to staying updated with the latest trends and technologies to enhance my skill set.

Area of Expertise

- Strong coding methodologies
- Flutter Android App development
- Engineering flow diagram
- Web development
- Cloud computing
- Data Structure and Algorithm

PROFESSIONAL EXPERIENCE

UNO Minda, Maneser, Haryana (July 2023 – Aug 2023)

IoT Development (Internship)

Uno Minda Limited (formerly Minda Industries Limited) is a leading global manufacturer of proprietary automotive solutions and systems supplying to OEMs as Tier-1 one of the leading manufacturers of automotive switching systems, automotive lighting systems, automotive acoustics systems, automotive seating systems and alloy wheels.

Key Initiative: initiated the transition of IoT development; migrating from manual setup to automatic setup by using native application (android) with a web view for the bulk of the user interface.

- Drafted the software roadmap to a pure native application including the user interface.
- Transmitted all source code to source code revision system.
- Build and learn mentorship from the production and software team.
- Develop different software using Arduino uno.
-

EDUCATION QUALIFICATIONS

Deenbandhu chotu ram university of science and technology, Murthal, Haryana (2021 – 2025)

(Incomplete)

Studied Bachelor of technology in Computer Science.

Sarasvati Vidya Mandir, Uttarakhand (2021)

(Complete) Studied higher secondary school.

TECHNICAL CERTIFICATION/COURSEWORK

System Administration & Platforms: Windows, PyCharm, Android studio, Anaconda |

Mobile & Application Development: Flutter, Android, Android studio, Apache |

Software Development Languages: C, Python, Dart, Java, HTML, CSS |

Cloud Computing: Google Cloud |
